OZ-ONE POWDER

ADVANCED PRODUCT FOR GARMENTS TREATMENT

OZ-ONE POWDER it is an advanced product for garments treatment to give bleached, distressed and worn look, but in an eco-friendly way (chlorine and potassium permanganate free). It can work in conventional machines, without water, releasing inside the tumbler the innovative ***OZ-ONE particles*** to produce results such as the corrosion of dischargeable dyes like indigo or the reproduction of the bleaching effect, conventionally obtained by chlorine or potassium permanganate. It is in powder form and waterless. Decolourizing garments just like ozone.
